April 1st, 1919

Lawrence H. Nelson, Esq.,
293 Adelaide Street West,
Toronto.

Dear Mr. Nelson:

I am returning to you the Proceedings of the American Institute of Civil Engineers containing the addresses by H. H. Whitney and R. H. Willison. Both of these I have read with a great deal of interest, and I thank you very much for giving me the opportunity of reading them. As they are so suggestive that if I could secure a copy of the Proceedings I should like very much to have one. I suppose, however, these are kept only for members of the American Institute.

With kind regards, I am,

Yours sincerely,

President.
